Summer 2026

Stay Safe from Summer Scams

Summer is a busy season for travel, shopping, and family fun—but it's also a busy season for scammers. Thanks to Artificial Intelligence (AI), fake texts, emails, and phone calls can look and sound more convincing than ever.

Protect yourself by following these simple tips:

- **Don't click links** in unexpected texts or emails.
- **Don't answer video calls** from numbers/emails you don't recognize.
- **Never share** your online banking password or security codes.
- **Hang up on suspicious calls** and contact your financial institution directly.
- **Monitor your accounts** regularly for unusual activity.
- **Trust your instincts!** If something feels suspicious, verify it before taking action.

Remember: Telco Plus Credit Union will never call or text you asking for your online banking User ID, password, or security verification codes.

A few extra seconds of caution can help protect your finances and give you peace of mind all summer long. Stay alert, stay safe, and enjoy the season!

Don't Let Loan Sharks Bite This Summer!

Shark Week belongs on TV—not in your finances. If unexpected summer expenses pop up, avoid high-cost payday lenders that can leave you stuck in a cycle of debt.

Instead, choose a low-interest personal loan from Telco Plus Credit Union. Whether you're planning a vacation, tackling a home project, or covering an unexpected expense, we're here to help you borrow with confidence.

Stay out of shark-infested waters this summer—talk to us first!
